

Section 300: Instruction

Intramurals

Code #376.00

The Tri-County Area School District Board of Education recognizes the value of providing all District students with the opportunity to participate in sports activities. Therefore, the Board may make intramural sports activities available to students in the District.

Intramural programs shall be recreational in nature and commensurate with the grade level of the students involved.

Failure to abide by intramural program rules shall result in suspension of the right to participate.

The District shall not discriminate in admission to any program or activity, standards and rules of behavior, disciplinary actions or facilities usage on the basis of sex, race, religion, national origin, color, ancestry, creed, pregnancy, marital or parental status, sexual orientation, physical, mental, emotional or learning disability or handicap. This policy does not, however, prohibit the District from placing a student in an activity based on objective standards of performance, from providing separate programs in interscholastic athletics for males and females and if such programs are comparable in type, scope and support from the District, or from providing separate toilet, locker and shower facilities. Discrimination complaints shall be handled in accordance with established procedures."
