

School Board Legislative Program

Code #154.00

The Tri-County Area School District Board of Education, as an agent of the state, must operate within the bounds of state and federal laws affecting public education. If the Board is to meet its responsibilities to the residents and students of the District, it must work vigorously for the passage of new laws designed to advance the cause of good schools and for the repeal or modification of existing laws that impede this cause. To this end, the Board shall:

1. Develop an annual legislative program through conferences with the state and national school board associations.
2. When appropriate, work for achievement of common legislative objectives through these associations and with other concerned groups.
3. Seek direct and indirect representation of its position on pending legislation with appropriate state and federal legislators and legislative committees.
