

Student Schedules

Code #343.05

The Tri-County Area School District will make every reasonable effort to ensure students are enrolled in needed or requested classes. It is the intent of the Board that class schedules in the District provide as much flexibility as possible and reflect divergent student needs. Student schedules for the ensuing school year shall be established annually by the building principal or his/her designee.

Changes made in student class schedules shall be made in accordance with established procedures.
