

School Dances

Code #373.00

The Tri-County Area School Board of Education believes that school dances are a part of the total educational program and shall be used as a means for developing wholesome attitudes and good human relations. The Board believes that school citizenship, as reflected in school dances, is a measure of the achievement of important school goals.

The Board further believes that any school dance shall:

1. Require all student participation to be on a voluntary basis and
2. Require that student activity funds be used to sponsor the dance.

Dances shall be planned in such a way as to provide for as much student participation as possible. For purposes of Board policy, "full participation" means fair and equal participation to the extent that the budget, facilities, or type of activity allows.
