This letter is intended to convey our concern about your child's behavior, so that you can help deter your child from possible criminal activity. We encourage you as a parent(s)/guardian(s) to deliver a clear message to your child that antisocial or gang-type activity will not be tolerated by you nor be allowed to be part of your home environment.

It is urgent that you, as a member of our community and as a parent/guardian, do your part to help stop gangs and gang-related behavior in our community. If you have any questions, want further information, or would like to schedule a meeting with me or other school staff, please contact me at (715)335-6366.
