

Section 400: Students

Administering Medications to Students

Code #453.04

Prescription and/or non-prescription medications shall not be administered by any District personnel except in accordance with established procedures. Students taking medication without consent or knowledge of the District are doing so by their own responsibility. Any student suspected of using medication improperly shall be referred to the Principal. The school nurse will annually review written instructions for long-term medication and request updated medical instruction from the physician. All medication administered at school will be secured by District personnel in accordance with established procedures.
