

Section 400: Student

**Student Motor Vehicle Use**

**Code #455.02**

The Tri-County Area School District provides space on school-owned property for students to park motor vehicles. Parking of motor vehicles on school property is a privilege. The District has no obligation to provide parking space for motor vehicles. Parking space is provided as a courtesy to students. Students are required to purchase a parking permit on an annual basis.

Motor vehicles driven to school and parked on school property may not be driven at any time by students during regularly scheduled school hours unless permission is granted from the Principal or designee. Students may not operate a motor vehicle during the scheduled lunch time unless granted permission by the Principal or designee.

Student parking will be regulated in accordance with established procedures.
