## TRI-COUNTY AREA SCHOOLS REFUSAL OF THE RIGHT TO PUBLISH

If you wish to deny Tri-County Area Schools of the right to publish your child's image (including audio, moving image, or photography) on educational programs, websites, newsletters, and in promotion of Tri-County programs (e.g. classroom and co-curricular activities/accomplishments), please provide us with the information requested below and submit this form to the District Office.

Please note that Tri-County Area Schools want very much to be able to promote the accomplishments of your child and others. If your child becomes involved in a co-curricular activity (e.g. basketball, quiz bowl, forensics, etc.), he/she is opting to become a publicly visible representative of our school. As such, he/she should be willing to be recognized as a part of that team/group or for his/her individual accomplishments as a member of that team/group. Your completion of this form would make it difficult for us to recognize all members of any such team/group with consistency, and, therefore, could negatively affect that team/group.
